PROJECTS

- **Next.js Portfolio**: Professional showcase using Next.js, Tailwind CSS, and Framer Motion for engaging animations.
- Discord bot: a super advanced discord economy bot built in JavaScript.
- HTMLgames: my first game i built with HTML which is a cool fun snake game!
- DolphinPortfolio: My first success to building a working website.
- Discord Bot Dashboard: My next.js discord bot dashboard. This is one of my biggest projects.

My Discord Bot Dashboard built with Next.js, TypeScript, javascript, html
